Safer Pathways for Women and Children

Who are we ?

Safer Pathways for Women and Children is a Zonta House Refuge Association initiative working in collaboration with the Housing Authority.

We provide support to women and children who are Housing Authority tenants residing in the catchment areas of the Cannington and Victoria Park offices.

The service aims to reduce the impact of Family and Domestic Violence and promote safety for women and children. Safer Pathways provides intensive and specialised case management to women on an outreach basis over a 12 week period.

Supports include:

- Safety Planning
- Risk Assessment
- Informal Counselling
- Education and awareness raising
- Referrals to additional support services
- Advocacy and liaison with services including Housing Authority

Would you like support to make informed choices to remain safer in your home?

Do you feel unsafe in your home?

Do you have unwanted visitors ?

Family and Domestic Violence

Physical Violence

Sexual Violence

Economic Abuse

Forced Isolation

Property Damage
